### **Information on the preliminary results for financial year 2023:**

VGT Group considers 2023 an exceptional financial year. The operating result (EBITDA) at approx. € 945 million and the Group's investments at approx. € 380 million are in line with our expectations. 2023 EBITDA was exceptionally strong due to significantly lower costs for fuel energy. This extraordinary effect will be settled via the regulatory account mechanism in the period 2026-2028. The publication of the consolidated financial statements is scheduled for 25 March 2024.

For the current year 2024, VGT Group expects EBITDA to exceed € 400 million as well as a continuing high level of investments in property, plant and equipment as part of the Network Development Plan.
